The screenshot displays the Custom Project Manager (CPM) application. At the top, a header bar contains the CPM logo, the text "Custom Project Manager Location, 14/02/2022", and three icons: a grid, a document, and a pair of scissors. Below the header, the main interface is divided into two panels. The left panel, titled "Do Filter by Date", contains a table with columns "Task Name" and "Responsible". The right panel, titled "Risk Filter by Date", contains a table with columns "Name" and "Responsible". Both tables have a "Filter by Date" dropdown and a "Filter" button. A modal dialog is centered on the screen, asking "Delete task 'Task name'?" with "Cancel" and "Delete" buttons. The dialog is styled with a blue border and a white background.
